Summer of the Woods is the perfect choice for your elementary school's *One Book, One School* or similar reading program. It's great as a family or class read-aloud for younger grades, and the exciting adventure holds the attention of upper elementary students. As the first title in the 10-book *The Virginia Mysteries* series, it mixes adventure and history to captivate even reluctant readers.

"Our school chose to read Summer of the Woods as our One School, One Book program this year. We enjoyed all of the resources readily available, such as the introductory videos and trivia questions. Students followed a one chapter per night reading schedule with an emphasis on reading with parents/guardians/siblings. Steven's presentations were intriguing, informative, and well-paced. We were so impressed with his rapport with the students and his genuine interest in their many questions. Overall, it was an excellent learning experience for all! I know my kiddos will be fighting over his other books in my library for years to come!"
